3 FIVE
TWO
GROUP

Welcome to The Cosmetech Chelsea Private Clinic. We are a Consultant Surgeon-led clinic specialising in non-surgical anti-ageing solutions, health and wellbeing.

Our Consultant Surgeons have a background in head, neck and reconstructive surgery, plastic surgery, vascular surgery and maxillofacial surgery. Their experience within the NHS and private sector includes managing facial trauma, facial deformity, cosmetic dermatology and scar revisions.

The Consultant Plastic and Cosmetic Surgeons are fully experienced in providing an extensive range of cosmetic surgery procedures. Our Principal Consultant Surgeon Mr Ashok Songra is also on the Anti-Wrinkle Validator panel of experts for the UK.

BODY

THERMIVA

Childbirth and the natural ageing process can cause changes which may affect feminine wellness.

A strenuous vaginal birth or multiple births can cause stretching of the vagina and loosening of the pelvic floor. The effects of menopause can cause

physical and functional changes such as excessive dryness, thinning of the vaginal wall, pain and urinary incontinence.

The ThermiVa is a non-theatre procedure with no anaesthetic. A typical treatment will last around half an hour. A standard treatment plan for most patients is 1 treatment per month for 3 months and a further "top-up" treatment at around 1 year.

Consultation fee.....£150

Cost per treatment.....£850

Discounted course of 3 treatments.....£2,295
